

UTILITY TRAILERS

The **Nugent Utility Trailer** maintains the high quality that you come to expect from Nugent Trailers. With full type approval (ECWVTA) they have been designed to cater for a range of uses from agricultural to domestic requirements. They are perfect for towing behind quads or today's smaller cars, where extra capacity is a necessity. The Utility Trailers are ideal for outdoor sports enthusiasts or holiday makers hauling bicycles, kayaks and camping gear and for small business owners taking regular trips to civic amenity sites. Being lightweight they can be easily manoeuvred by hand and their compact size allows them to be positioned in parking spaces or stored in garages.

Small in size but big in capability, the Nugent Utility Trailer offers excellent strength to weight ratio with a maximum gross weight of 750kg and is available with various optional extras.

Standard Features

- Single Axle
- Cranked Drawbar
- Market Leading Knott Running Gear
- Snow Rated Wheels
- Junction Box
- Plug Holder at Front of Trailer

Optional Extras

- Full Ramp Tail Door
- Spare Wheel Kit
- Extended Sides
- Roof Rack
- Aluminium Threadplate Floor
- Tarpaulin Cover
- Rear Prop Stands
- Jockey Wheel
- Urine Collection System
- Rear Run In Gates

UTILITY TRAILERS

The cranked drawbar allows the trailer to be level whilst towing.

The roof rack is placed on top of the side extensions and can be easily removed which is ideal for outdoor sports enthusiasts or for the transport of livestock.

Unique perforated side extensions have all the benefits of mesh sides without the sharp edges. Side extensions are also available without the perforations.

Distributor for Nugent

PRODUCT CODE	AXLES	TYRES	GROSS WEIGHT	UNLADEN WEIGHT	INTERNAL LxWxH (mm)	OVERALL LxW (mm)
U2213S	1	155/80R13	499kg / 750kg	280kg	2180x1298x360	3347x1745
